17.9 Change Order #3D Between Mountain View Los Altos High School District and Cupertino Electric to Provide Services Related to the Los Altos High School Facility Repairs Inc. 1&2 - 500 Wing Replacement Project

Mountain View Los Altos High School District is requesting Change Order #3D with Cupertino Electric be ratified: - Provide (2) temporary lights for night activities at the pool while the permanent lights are being replaced as requested by school staff. - Install additional electrical/power provisions at the new 500 wing building to accommodate the District requested security system changes (from Lenel to Verkada) as described in Request For Information 16 and Architect Supplemental Information #3 & #4. - Provide and install additional electrical/power provisions at the electrical rooms in the 200, 300, 400, and 500 classroom wings as needed to accommodate the District requested security changes (from Lenel to Verkada) as described in Architect Supplemental Information #3 and #4. - Provide labor, equipment and material as needed to connect the fire alarm system to the new post indicator valve (PIV). The PIV and Fire Department Connection (FDC) were added to the project, (see work directive #6), and the electrician will now need to install the fire alarm devices at the PIV and run underground conduit and wire to make the final connection to the fire alarm system at the new 500 Wing Building. Please note that concrete sidewalk repairs due to saw cutting are not included and will need to be completed under a separate, forthcoming PCO. - Provide all the material and labor to install new power service from the pool equipment room to the new 500 wing building. The original plans called out to intercept underground power at the east side of the building, but after investigation it was discovered that conduit/power did not exist at this location. Per job walk with the electrical engineer and contractor it was determined that power can be drawn from the panel in the pool equipment room. However, this would require installation of a new transformer and other related equipment which will be provided by Cupertino Electric. - Per the contract drawings, wiremold is shown on one side of the white board in each classroom, however, during cabling installation it was discovered that wiremold would be required on both sides of the whiteboard as needed to keep the projector controller at its original location by the teacher's desk as described in Request For Information 47. Cupertino Electric Inc. shall provide all labor, equipment, and material to install the additional 20' of wiremold at (18) classrooms in the 400 and 500 wings.

Recommendation: Ratify Change Order #3D between Mountain View Los Altos High School District and Cupertino Electric to provide services related to the Los Altos High School Facility Repairs Inc. 1&2 - 500 Wing Replacement project.

17.10 Change Order #5A Between Mountain View Los Altos High School District and Gonsalves & Stronck to Provide Services Related to the Los Altos High School Facility Repairs Inc. 1&2 - 500 Wing Replacement Project

*Times noted are approximate.

Minutes for the January 22, 2024 Regular & Closed Board Meeting

Mountain View Los Altos High School District is requesting Change Order #5A with Gonsalves & Stronck be ratified: - Provide labor, equipment, and material to remove existing mecho shades (to be turned over to the District) and demolish window trim in room #406 as described in Request For Information 3.1. - Provide labor, equipment, and material as needed to replace the existing tackable wall panels that were damaged prior to construction in rooms #402, 404, 504, 507, and 501 per District request. Contractor shall also remove and reinstall fire extinguisher cabinets as needed. Removal and reinstallation of electrical devices will be completed by the electrician under a separate work directive. - Using \$3,992.00 of Allowance A6 (Tile/Carpet replacement, \$60k total), to replace carpet Infill for classrooms 408 thru 410 after under slab electrical work. - Provide labor and equipment to reload the stockpiled spoils from footing excavation and bring it to the waste facility. The work will be performed on a time and materials tag and the construction manager will review the hours before signing any tags. - Provide labor and equipment as needed to remove (2) trees and stumps at the 500 Wing Pavilion Project due to safety concerns and conflicts with underground utilities and new site improvements as noted in the Arborist Report dated Oct. 10, 2023. - Provide all material and labor to install lean concrete around a bank of unforeseen pipes that were discovered during footing excavation. To maintain the structural integrity of the footing the design team has advised to encase the pipes in concrete as described in Request For Information 47. T&M tags shall be presented to the construction manager to authorize daily. - Provide labor, equipment, and materials to infill windows and provide blocking for projectors and top cat speakers at rooms 408, 409, & 410 as described in Request For Information #047. The final cost for this work shall include the (\$2,033.20) credit for the windows that will no longer be installed at these locations.
