

**Anya Kesselring**  
**STUDENT OF THE MONTH**  
**Mountain View High School**  
**December 2021**

Senior

---

Mountain View High School is proud to recognize Anya Kesselring as our December 2021 Student of the Month.

Anya is a current senior at MVHS. She is on the varsity girls volleyball team, part of ambassadors' link crew, and a member of the Spartan Buddies program.

Her favorite classes this year are AVID tutoring and trigonometry. As an AVID tutor, Anya is helping our MVHS AVID 9th graders build a base for knowledge and stay up with their coursework during this first year out of quarantine and in high school.

Outside of school, she enjoys volunteering at Animal Assisted Happiness, working as a crew member at Trader Joes, and going to the beach with friends.

Anya's interests include marine biology and environmentalism. She participated in a marine mammal scientist program through California Ocean Alliance. This program helped foster the growth of her passion for marine life and climate change because it is one of her aspirations to work to protect the ocean ecosystem. Anya wants to create awareness of the negative effects of human activities on ocean life and climate change.

Her love for marine mammals is something Anya wants to pursue in the future. She is interested in doing marine mammal research and rehabilitation work!

Her teachers describe Anya as a caring, considerate, and selfless student who has always been involved and active.

Congratulations Anya!
