Proposal: Instrument Cabinets, GB Carts, &
StageTek Risers - Rev. 4

- * Price does not include any building permits that may be required.
- * Price does not include field measurements by Wenger. Customer responsible for obtaining accurate field measurements and confirming dimensions on Wenger submittal drawings within the required timeline in order to meet desired installation date.
- * Estimate includes standard particleboard PLAM core. If fire-rated, moisture-rated, FSC certified, or Vencore plywood core is required, additional charges and lead time will apply.
- * Wenger does not caulk seams between cabinets and adjacent surfaces. If required, caulking is by others.
- * Wenger does not install base molding on cabinets. If required, base molding is by others.
- * Price does not include manufactured sloped top for corner closure(s). Wenger is unable to provide slope tops at corners. Additional closure material can be provided, if required, for customer to construct sloped top at corner closure.
- * Wenger cabinets are fabricated to ANSI standards versus AWI.
- * Wenger Corporation is committed to providing mindful products for a healthier environment. At this time, Wenger is focused on delivering quality products to our customers as unprecedented supply chain issues are overcome. Given these challenges Wenger is currently unable to provide LEED documentation for Wenger Corporation products. To view a full listing of Wenger Corporation's GREENGUARD GOLD Certified products please visit:
<https://spot.ul.com/main-app/products/catalog/?keywords=wenger+corporation>
- * Wenger Corporation does not participate in OCIP/CCIP because we have a flat rate general liability policy which does not offer any savings for participation.

QUOTE

Date: 12/13/2024
Page: 3 of 8
Cust #: 00074998

Proposal: Instrument Cabinets, GB Carts, &
StageTek Risers - Rev. 4

=====
** Wenger cabinets have an estimated lead time that generally requires a minimum of 2+ weeks for submittals, and then 6+ weeks for fabrication after signed and approved submittal drawings (including confirmation of dimensions) and approved color choice. Lead time varies and will be reevaluated at time of order contingent upon supply chain resiliency, and engineering and manufacturing capacities. Installation date can only be confirmed after receipt of signed and approved submittal drawings (including confirmation of dimensions), and approved color choice. Installation date is contingent upon change orders and site conditions conducive to installation of the product.*

** DWG files of the referenced drawings above are requested to be provided at time of order.*

** Price includes design and anchor bracing (hardware). Installation has been seismic analyzed, test proven, and accepted by California registered professional engineer William T. Butler per attached drawing(s) 250A088, 173A040, and/or 100A385. Wenger cabinets are modular and allow for reconfiguration and relocation.*

** Layouts subject to change in order to meet seismic requirements.*

** ALL CHANGES TO APPROVED WENGER SHOP DRAWING LAYOUT REQUESTED ON SITE OR AFTER INSTALLATION WILL INCUR ADDITIONAL CHARGES.*

** Pricing is based on Wenger standard cabinet construction which includes oyster color for cabinet body and white polyethylene shelves. Cabinet face, edging, wood and grille doors, end panels, and closure panels can be chosen from available Wenger colors.*

** Finish can be chosen from Wenger standard colors which are: Cherry, Fusion Maple, Solar Oak, Wenger Maple, Oyster, Evening Tigris, and Pebble with a matte finish.*

** End cover panels and material for closure panels in the selected color combination are included in the price shown. Closure panels are cut to size on site in widths from 4" to 24" only. Closure panels are anchored to lightweight metal studs which are 2" wide, which inhibits closures less than 4" wide.*

** Termite resistant wood products are used, making the post installation treatment for termites unnecessary. If required, termite treatment to be furnished and applied by others.*

** Door number sets are not included. Templates are available on Wenger's website for customer to download, print, and install labels.*

** Music Instrument Storage Cabinet features:*

-- Patented blow-molded polyethylene shelf with radiused front edges protects cabinets and instruments from damage and wear.

-- Constructed of 3/4" industrial grade particleboard with 48 PCF thermoset polyester laminate. The thermosetting allows the laminate to be bonded into the wood core making the laminate more impact resistant - reducing chipping and will never delaminate, which may occur with high-pressure laminated products.

-- All edges banded with 3mm radiused PVC edge-banding for maximum protection against cabinet and door damage.

-- Doors support up to 315 pounds dynamic load applied at the outer edge.

** Products must be stored in a climate-controlled environment until installation takes place.*

** Wenger Storage Cabinets have a 10-year warranty.*

PRODUCT INFORMATION - GearBoss Carts

=====
** Wenger GearBoss carts have an estimated lead time that generally requires a minimum of 2+ weeks for submittals, and then 6+ weeks for fabrication after signed and approved submittal drawings (including confirmation of dimensions), and approved color choice. Lead time varies and will be reevaluated at time of order contingent upon supply chain resiliency, and engineering and manufacturing capacities. Installation date can only be confirmed after receipt of signed and approved submittal drawings (including confirmation of dimensions) and approved color choice. Installation date is contingent upon change orders and site conditions conducive to installation of the product.*

** DWG files of the referenced drawings above are requested to be provided at time of order.*

** All changes to approved Wenger layout requested on site or after installation will incur additional charges.*

Team Carts:

** The sides of the carts are open. If security of equipment and uniforms is a concern, laminate side closures and bypass doors are available. Contact your Wenger sales representative to discuss these options and to find out the additional charges.*

** Surface track is mounted to the floor. Flush mounted track is recessed into the floor, which involves pouring concrete around the track or cutting into the floor.*

** Attic and Attic accessories are only available for 48" X-Carts.*

** 32" Carts equipped with shoulder pad stacker are unable to accommodate bypass doors or side closures.*

Cust #: 00074998

Proposal: Instrument Cabinets, GB Carts, &
StageTek Risers - Rev. 4

** GearBoss Team Carts end grille panel finish can be chosen from Wenger standard colors which are: Blue, Navy, Purple, Yellow, Gold, Orange, Red, Maroon, Green, Dark Green, Silver, White, and Black.*

** GearBoss Cart laminate side or end closures, and bypass or swing door finish can be chosen from Wenger standard colors which are: Wenger Maple, Fusion Maple, Solar Oak, Oyster, Pebble, Evening Tigris, Graphite, and Cherry.*

** Wenger GearBoss Team Carts and accessories have a 5-year warranty.*

PRODUCT INFORMATION - StageTek Riser System

** Wenger standard StageTek staging has an estimated lead time that generally requires a minimum of 2+ weeks for submittals, and then 7+ weeks for fabrication after signed and approved submittal drawings (including confirmation of dimensions), and approved color choice. Lead time varies and will be reevaluated at time of order contingent upon supply chain resiliency, and engineering and manufacturing capacities. Installation date can only be confirmed after receipt of signed and approved submittal drawings (including confirmation of dimensions) and approved color choice. Installation date is contingent upon change orders and site conditions conducive to installation of the product.*

** DWG files of the referenced drawings above are requested to be provided at time of order.*

** Top surface finish can be chosen from Wenger standard options which are: Black Cracked Ice, Black Quadriple, Gun Metal Gray Carpet, Carpet Ready (for customer installed carpet), Natural Hardboard, and Black Moroccan (to match existing Versalite platforms).*

** Frame and support structure finish is standard milled aluminum.*

** Custom options may include: Painted top surface, painted frames, painted support structure, custom top surface material, cable access hole with cover, cable access lids, custom shapes and sizes of platforms, custom sizes of accessories such as guardrails, chair stops, closure panels, etc., underside insulation, fire-rated wood, fire-rated intumescent paint, fire-rated foil underside, and fire-rated carpet.*

** Wenger StageTek Staging System has a 5-year warranty.*

FREIGHT & INSTALLATION INFORMATION

** Price includes one delivery. If customer requests split shipments, additional charges will apply.*

** Price includes prevailing wage installation.*

** Wenger installation includes unloading of truck, assembly and install of product, and removal of debris by Wenger trained or supervised technicians.*

** Price includes installation only of furnished equipment as noted in this quotation.*

** Price is based on ground floor installation that does not require use of stairs or elevator. If use of stairs or elevator is required, additional charges will apply.*

** In preparation for onsite work, the customer is responsible for preparing the space by removing any objects or materials that will limit access to the work area, and all work areas must be properly illuminated for this work.*

** Work will be performed during normal hours of operation, 7:00am-5:00pm Monday-Friday, unless prior arrangements have been made. If work outside of normal business hours is required, additional charges will apply.*

** Price does not include participation in any composite cleanup crew. Wenger cleans up after its own work, and due to its limited scope of work for the project, does not participate in any composite cleanup crew. If participation in a composite cleanup crew is required, additional charges will apply.*

TERMS AND CONDITIONS

** Wenger Corporation expressly incorporates by reference all of the terms and conditions as specified at: (www.wengercorp.com/terms-and-conditions.php) and makes them part of this quotation.*

** Pricing is for delivery and installation to occur before the end of 2025.*

** Price DOES include Sales Tax. If this is for a tax-exempt organization, please send a copy of the tax-exempt certificate. Wenger's tax department will review and remove the sales tax where able.*

** Price DOES NOT include Field Measurements.*

** Price includes ONE mobilization that includes delivery with installation and, if required, demonstration of product immediately following installation. If customer authorizes delivery and jobsite is not ready to receive product and installation, customer shall be responsible for additional mobilization and other expenses. Any additional mobilization required due to phased projects, commissioning, owner training, or no fault of Wenger will be an additional charge via change order.*
