

School Based Intervention Team (SBIT)

Mountain View Los Altos Union High School District: Counseling Services
Service Proposal – SY 24/25

Context

Pacific Clinics proposes to provide counseling services for students and their families attending Mountain View Los Altos Union High School District (MVLA) for the 24/25 school year. Services will be focused on tiered interventions and include direct student support (e.g., 1:1, groups, and crisis support), caregiver coaching, teacher consultation, case management, linkage, and service plan development. Services will be provided for the duration of the school year, with no services on school breaks. Options can be adjusted based on the district's needs or preferences. Various mental health related concerns (e.g., social isolation, school refusal, ASD, ADHD, anxiety, depression, etc.) will be addressed through services. Services provided are flexible at the discretion of the school and/or district. Please see additional services Pacific Clinics can offer for the 24/25 school year below.

Statewide Multi-Payer Fee School-Linked Fee Schedule: Pacific Clinics can offer specialized support and consultation with navigation, design and implementation related to participation in the CYBHI fee schedule released by DHCS. This can include, but is not limited to:

- Workflow design for service identification in alignment with CPT billing codes
- Collaboration on Electronic Health Record (EHR) utilization
- Documentation review and consultation on set up.
- Maximization of staff time cross walked with reimbursement pathways.
- Direct billing under the fee schedule by Pacific Clinics for services rendered at the school.

Wellness Center Services: Pacific Clinics can offer consultation, implementation, and operations to support schools with installation and launch of Wellness Centers as requested. This can include:

- Environmental design related to welcoming environment.
- Student development and engagement
- Direct social emotional wellness services
- Coordination of care, referral pathways, and community engagement
- Educator professional development

Direct access to Pacific Clinics Continuum of Care: Pacific Clinics has a robust continuum of care, from prevention to mobile crisis services. Services offered include, but are not limited to:

- Outpatient Services, including medication management.
- First Five referrals and access to Family Resources Centers (FRC) for parents of young children
- Health Plan Services like Care Coordination and Housing Resources – for Medi-Cal Students
- Access for all Students to Pacific Clinics Drop- In Center, with access to recovery supports.
- Coordination for Mobile Crisis Response Services

Counseling Services: Middle College
