

1 2 3 4

How well do you feel you've gotten to know your classmates? (1:Not well -> 5:Super well, lots of time to connect with them!)

5 2 3 4

How much homework do you feel you are receiving outside of school? (1:Not much -> 5:Way too much)

~50 students

+

"I really like having block days with a day in between with no zooms. It feels very organized and makes sense."

"I enjoy how the teachers make an effort to create a strong community."

"I enjoy the flexibility I have and how it is easy to join office hours after class"

"I enjoy that I have more time to sleep."

Wednesday

"The asynchronous day should be a Monday or a Friday because having it in the middle of the week is way too confusing. With this, having the "week" start on Wednesdays has caused me to miss many assignments. However, the schedule of our class periods has been working really well."

"Wednesdays are very confusing to me. I can never tell what I need to do or when things are due because all my classes have different times that everything is due."

"A nice break from zoom, but hard to keep track of all the assignments and check-ins that are required of us."

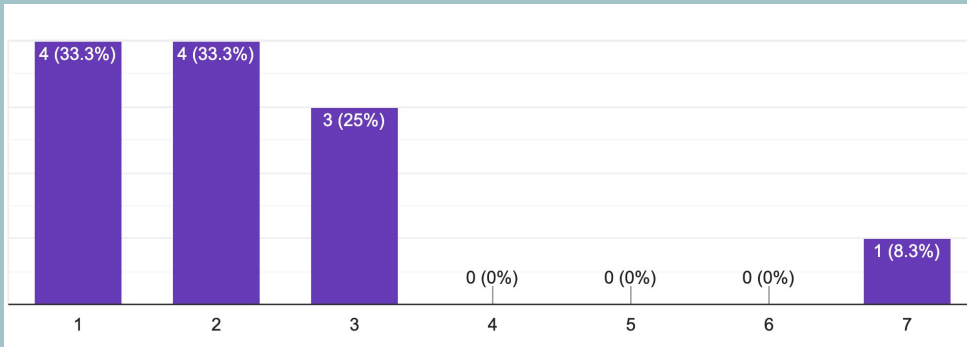

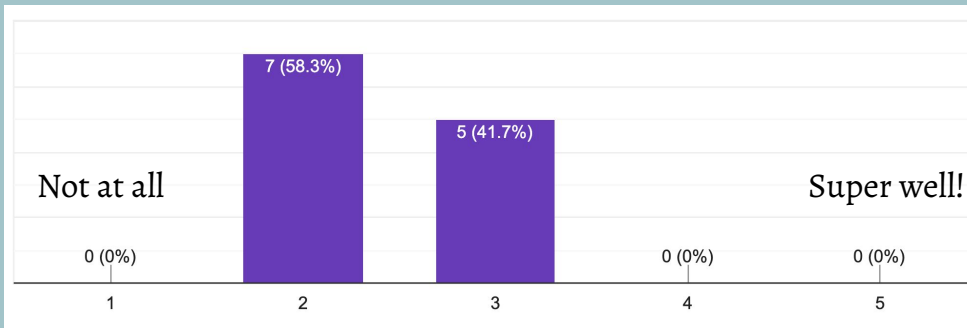

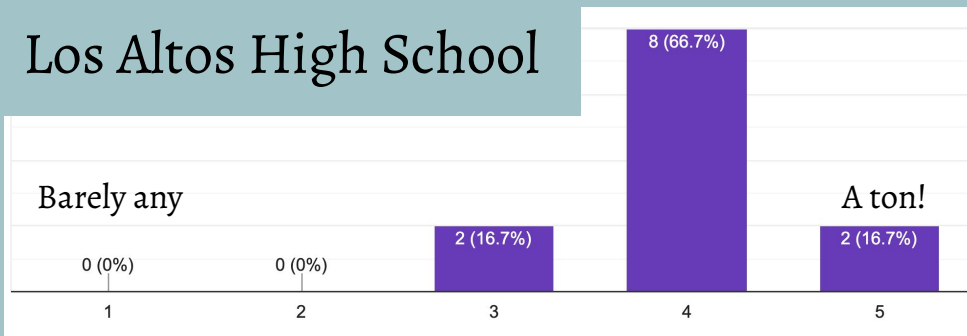

Δ

"More asynchronous video lessons"

"I would use only google classroom or canvas, switching between the two is very confusing."

"I like the schedule but one difficulty is meeting with a class only twice a week. It makes it especially hard for ap classes because you have to learn so much each period."

Los Altos High School

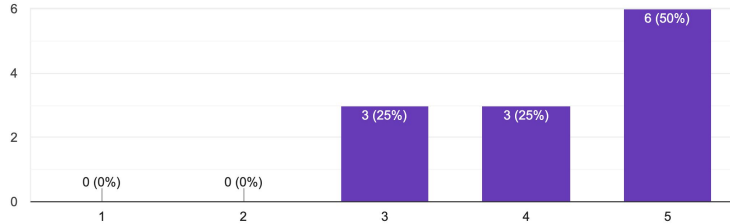

How much homework outside of school are you receiving?

Do you feel you've gotten to know the students in your classes?

How many of your teachers only use Google Classroom vs. Canvas?

How do you like the new schedule this year? (ABCAB)

12 responses

Students love the new schedule! The lower rating (3) were mostly placed by Freshmen. The upperclassmen appreciate the new schedule more.

Advice for teachers:

- allow kids retake tests since there is so much going on
- Make classes interactive and standardize Wednesday due date times (ex. all assignments on Wednesday are due at 11:59 p.m)
- Break out rooms to get to know classmates

One thing you wish you could change with DL:

- Make everything due at the same time on wednesdays
- Nothing due before three on Wednesday
- Set method of inputting grades

Benefits of DL:

- More Sleep
- More free time + time management
- Wake up later!
- More control over how day is structured
