California Public Health developed a **COVID-19 and Reopening In-Person Instruction Framework** to support schools.

**It is intended to support twin goals: safe and successful in-person instruction and consolidation.**

The Framework provides an update to the previous reopening guidance (July 2020), consolidates previous COVID-19 and school-related health guidelines, and supersedes all previous COVID-19 and Cal/OSHA school guidance.

A link to the state Instruction Framework may be found on the [MVLA homepage](#).
