

Jonathan Ebel

STUDENT OF THE MONTH

Adult Transition Program

June 2024

Adult Transition Program is proud to recognize Jonathan Ebel as our June 2024 Student of the Month.

Jonathan Ebel is a highly talented and accomplished young man with publishing credits as an author and illustrator of not one but three books called *The Magic Pencil*, [The Lost Penguins from Antarctica](#), and *The Pepe Trilogy: The Rise of Pepe Book 1 of the Pepe Trilogy* and he is currently working on *Book 2: The Fall of Pepe*. I can't wait to find out what Pepe is going to do next!

Jonathan is enthusiastic about art, and generous in his praise of other people's art. He is a paragon of team spirit. He comes to school with the clear intent to have good interactions with everybody and brightens the mood in any room. If you know Jonathan, you would know that he embodies such a calming and steady presence, and treats everyone with kindness and respect.

It's been our pleasure to work with a student who sincerely tries his best in every aspect of the program. Whether we are doing academic work, practicing life skills (Jonathan is becoming quite handy in the kitchen), doing art, working out, or going to work in local businesses, Jonathan gives excellent effort.

Jonathan also has a strong work ethic. He is eager to learn new tasks and has the endurance and focus to work efficiently and effectively on organizational tasks in the businesses of our community partners. When faced with challenges, Jonathan keeps a positive attitude and willingly accepts corrective directions. It's a pleasure working with a student who has such a strong sense of community spirit.

For the coming school year, Jonathan has been accepted into the Wayfinder's Program at Fresno State University. We are confident that he will be embarking on a beautiful new chapter, making people smile, and changing lives for the better. Congratulations!
