

Jaimee Sandoval
STUDENT OF THE MONTH
Alta Vista High School
April 2021

Senior

Alta Vista High School is honored to present Jaimee Sandoval as our April Student of the Month.

Ms. Michalek, Jaimee's English teacher shared that, "Although Jaimee was quiet and reserved when she first began at Alta Vista, she was extremely respectful and a wonderful addition to my classes. She quickly became a model student in class, even for those students who were older than her. It was evident that Jaimee quickly won favor with teachers on campus as a student who was reliable and consistent; I remember her earning multiple awards throughout our awards ceremonies in a variety of subjects during her time as an Alta Vista student."

Ms. Michalek went on to say, "Jaimee was also part of my leadership class because of her quick start as a model student. This class focuses on building positive campus culture by putting on events that help Alta Vista become a place for community. In addition to academics, Jaimee was a wonderful addition to this class just one quarter into her tenure as an Alta Vista student. She offered original ideas for events, jumped into any task asked of her, and played a key role in completing the yearbook for the year. I'm very thankful she was willing to join leadership because she brought a positive, hands-on approach to the events that were planned and implemented."

Ms. Estrada, Jaimee's Civics teacher, shared that, "Jai was a friendly presence in our Civics class, willing to share her thoughts and reflections on the relationship between politics and society with her peers. She was clearly motivated to succeed even through the difficult transition to distance learning. Overall, Jai is a very bright and capable scholar."

Ms. Garza, our Community Resources Coordinator, reports that, "Jaimee continues to exceed the expectations even amongst the barriers of distance learning. On top of her regular academic responsibilities, Jaimee completed all her scholarship workshops and a Foothill College career class. Her Foothill College professor shared that she was an exemplary and outstanding student. She was invited back to the next upcoming class as teacher assistant. She always seeks out opportunities to contribute to those around her and always with a positive attitude!

Jaimee has already earned 70 credits this year, and is on track to complete another 15 credits by June 4th. Congratulations, Jaimee Sandoval, for receiving April Student of the Month. Your Alta Vista family is so proud of you! We can't wait to see what you do next!
