20.2 Resolution No. 24/25-6 Adoption of the Gann Appropriations

Each California school district is annually required to make two calculations. The first is a recalculation of the Gann Appropriations Limit for the prior fiscal year based on actual rather than estimated financial information. If the recalculated Gann Appropriations Limit exceeds the original calculation, action has to be taken to increase the Gann Appropriations Limit. If the recalculated amount does not exceed the original calculation, the Board of Trustees must simply adopt the recalculated amount. The second calculation is the estimated Gann Appropriations Limit for the current fiscal year. The Board of Trustees must approve a resolution establishing this Gann Appropriations Limit. This calculation will be revisited next fall when actual financial data for current year is known. The Gann appropriation calculation for the 2023-2024 fiscal year shows that no adjustment is necessary.

Recommendation: That the Board of Trustees Adopt Resolution No. 24/25-6, Gann Appropriations Limit.

In 1973 the City of Mountain View, City of Los Altos, Town of Los Altos Hills, Mountain View-Whisman School District, Mountain View Los Altos High School District (MVLA) and Los Altos School District responded to the pressing need for mental health services in their community by forming a joint powers authority now known as CHAC Joint Powers Authority (CHAC JPA) to provide such services. Changes in the behavioral health services environment related to funding and the cost of providing services prompted the CHAC JPA to undertake a Strategic Sustainability Planning Study which revealed this version is no longer financially sustainable and should collaborate with another entity. Pacific Clinics is one of California's leading nonprofit providers of behavioral health services, including mental health and wellbeing and already provide services in areas of Santa Clara County
