Susan Paterno
Game On: Why College Admission Is Rigged and How To Beat the System
Thursday, March 27, 2024 - 7:00pm - Mountain View High School - Spartan Theater
Join us as career journalist and Chapman University professor, Susan Paterno, discusses the two poles of the college admissions process: the big picture and the nitty gritty forms-and-scores-and-disclosures. She'll talk about making the best decision through the admissions process, narrowing focus, figuring out who gets in and why, and how to find a good financial fit before considering anything else.

***Thank
You!***
