

Luis Bonilla
STUDENT OF THE MONTH
Adult Education
April 2021

*Student at MVLA Adult School
since August 2020*

Luis Bonilla immigrated to the bay area from Honduras in February 2020. He regularly attends the Advanced ESL evening class at MVLA Adult School to further improve his English skills. Luis is highly respected by his teacher and classmates.

Luis's teacher Mr. Bacigalupi shared that "Luis is a most earnest and dedicated student. Due to his perseverance and focus, he rapidly progresses to achieve his goals. He regularly contributes thoughtful input during class, completes a variety of homework assignments, and provides a vital source of support for others in the community."

In addition to his studies at the adult school, Luis is also dually enrolled at De Anza College. He is a shining example of an adult school student who was able to make a successful transition to community college. In addition to attending the adult school and community college, Luis also works at a restaurant during the day.

As someone who had his Master's in Project Management in Honduras, Luis dreams of earning a Master's degree in US. Attending both the adult school and community college will help Luis to realize his American Dream to its fullest capacity.

Luis is an excellent representative for Student of the Month at MVLA Adult School.
