

# Esme Wilson

STUDENT OF THE MONTH

**Foothill Middle College**

**Agency Cohort**

January 2022

Senior

---

Foothill Middle College Agency cohort is proud to present Esme Wilson as Student of the Month. Esme was accepted to Middle College during her junior year after spending her first two years at Los Altos High School. From her first moment at Middle College, Esme has positively impacted our community.

Esme is revered by the Middle College teachers for her consistent effort each and every day and her thoughtful approach to learning. Other students enjoy working with her because she exemplifies the integrity, compassion, and work ethic that we are striving for at Middle College. It is a pleasure to work with her.

Additionally, Esme has taken full advantage of the unique course offerings at Foothill. She has taken a wide variety of courses aimed at developing her interests in Math, Philosophy, and Art. She seemed to enjoy the Philosophy class and shared that she had a coffee with a family member to discuss existentialism.

In Middle College, Esme adds an artistic touch to her assignments. Most memorable is her final assignment in the American Grows Up Unit - a set of paper dolls that explained the changes in the American workforce in the late 19th century. Needless to say, we feel fortunate to have been able to work with her over the past two years.

As a community member, Esme stands out for being a solid friend and supportive to her classmates. She encourages others to do their best work and is a source of support to the community. Esme consistently puts forth her best effort on every assignment and participates fully in every community activity. She is always looking for ways to help others.

When she is not at school, Esme dances, works as a mother's helper, and helps file medical records for a doctor's office. She is looking forward to attending college next year and we know that she will make a profound impact at the college that is lucky enough to have Esme attend. Not only will that school get a brilliant, creative and engaged student, they will also get a talented, compassionate, and dedicated community member.
