In the event of this termination, the District may secure the required services from another Vendor. If the expense, fees, and/or costs to the District exceeds the cost of providing the service pursuant to this Agreement, the Vendor shall immediately pay the excess expense, fees, and/or costs to the District upon the receipt of the District's notice of these expense, fees, and/or costs. The foregoing provisions are in addition to and not a limitation of any other rights or remedies available to District.

**RE: PROPOSAL FOR SOIL ENGINEERING SERVICES DURING CONSTRUCTION
MUSIC BUILDING MODERNIZATION PROJECT
LOS ALTOS HIGH SCHOOL
201 ALMOND AVENUE
LOS ALTOS, CALIFORNIA**

Dear Mr. Mathiesen,

Introduction

As requested, we are submitting this proposal to provide soil engineering observation and testing services during the construction of the Music Building Modernization project at Los Altos High School in Los Altos, California. This proposal is based on the project plans and project manual prepared by Quattrocchi Kwok Architects, dated January 22, 2025, and our geotechnical and geologic hazards investigation report for this project, submitted on March 2, 2023.

Scope of Services

Specific details of the contractor's schedule to complete the various phases of the work are not known. Therefore, we propose to provide our services on an hourly time and materials basis during the earthwork, utility trench backfilling, and flatwork installation phases of the project.

Based on our experience with similar projects, we estimate that the scope of our services will include intermittent to full time on-site observation and field density testing (rough estimate of required personnel-days in parentheses) as follows:

1. Site demolition and grading (2.0 PD)
2. Subgrade preparation, drain rock placement, and compaction for interior concrete slabs (4.0 PD)
3. Subgrade preparation, baserock placement, and compaction for exterior concrete flatwork areas (4.0 PD)

Mountain View – Los Altos Union High School District
Attn: Mr. Mike Mathiesen, Associate Superintendent of Business Services
February 21, 2025
Page 2

4. Utility trench backfill compaction (6.0 PD)
5. Office support and material submittal review and approval, response to RFI's, site meetings and consultation (2.0 PD)
6. Preparation of required DSA interim and closeout documents (2.0 PD)

Arrangements

Our field observation services including office supervision, and the necessary office and laboratory work will be provided in accordance with the terms and rates of our Schedule of Fees and Conditions presented on the last page of this proposal.

Usually, the cost of our services based on full-time observation and testing during a normal eight-hour workday would be about \$1,350 per day, \$675 per half-day, and \$200 per site visit. These estimates include field and office supervision and laboratory testing. Consultations and report preparation are billed in addition at the appropriate hourly rate.

We project that we will be required on site for approximately 20 personnel-days for the project. We therefore anticipate the total budget for this project will be approximately \$27,000.

All services rendered by us consist of professional opinions and recommendations made in accordance with generally accepted soil and foundation engineering principles and practices. This warranty is in lieu of all other warranties, either expressed or implied.

Under no circumstances is it our intent to directly control the physical activities of the contractor or the contractor's workmen's accomplishment of work on this project. The presence of our field representative at the site is to provide the District with a continuing source of professional advice, opinions and recommendations based on the field representative's observation of the contractor's work and does not include any superintending, supervision, or direction of the actual work of the contractor or the contractor's workmen.

Any construction review of the contractor's performance conducted by us is not intended to include, and does not include, review of the adequacy of the contractor's safety measures in, on, or near the job site.

We look forward to being of continued service to the District on this project and ask that you call if you have any questions. As our authorization to provide the above services, please sign and return one copy of this agreement.

We shall not be responsible for any loss, damage or liability beyond the amounts, limits, and conditions of such insurance. We shall not be responsible for any loss, damage, or liability arising from any negligent acts or willful misconduct of Client, its agents, staff, and other consultants employed by it. Certificates of our general liability insurance shall be provided upon request.

UTILITIES

In the prosecution of our work, CCI will take all reasonable precautions to avoid damage or injury to subterranean structures or utilities. The owner agrees to waive any claim against CCI and to defend, indemnify and hold CCI harmless from any claim or liability for injury or loss allegedly arising from CCI's damaging underground utilities or other man-made objects that were not called to CCI's attention or which were not properly located on plans furnished to CCI.

LIMITATION OF LIABILITY

To the fullest extent permitted by law, and not withstanding any other provision of this agreement, the total liability, in the aggregate, of CCI and its officers, directors, partners, employees, agents and subconsultants, and any of them, to the Client and anyone claiming by, through or under the Client, for any and all claims, losses, costs or damages of any nature whatsoever arising out of, resulting from or in any way related to this project or the Agreement from any cause or causes, including but not limited to the negligence, professional errors or omissions, strict liability, breach of contract or warranty, express or implied, of CCI or its officers, directors, employees, agents or subconsultants, or any of them, shall not exceed the total compensation received by CCI under this Agreement, or the total amount of \$30,000, whichever is greater.

DISPUTES

The parties to this Agreement covenant and agree that all claims, disputes and other matters in question between the parties to this Agreement, arising out of or relating to this Agreement or the breach thereof, shall be submitted to non-binding mediation prior to initiation of any lawsuit or other litigation, unless the parties mutually agree otherwise. The cost of said Mediation shall be split equally between the parties.

DISCOVERY OF UNANTICIPATED HAZARDOUS MATERIALS

Hazardous materials or certain types of hazardous materials may exist at a site where there is no reason to believe they could or should be present. CCI and Client agree that the discovery of unanticipated hazardous materials constitutes a changed condition requiring a renegotiation of the scope of the work or termination of services.

OWNERSHIP OF DOCUMENTS

All reports, boring logs, field data, field notes, laboratory test data, calculations, estimates, and other documents prepared by CCI as instruments of service, shall remain our property. Client agrees that all reports and other work furnished to the client or his agents, which is not paid for, will be returned upon demand and will not be used by the Client for any purpose whatever.

THIRD PARTY BENEFICIARIES

Nothing contained in this Agreement shall create a contractual relationship with or a cause of action in favor of a third party against either the Client or CCI. CCI's services under this Agreement are being performed solely for the Client's benefit, and no other entity shall have any claim against CCI because of this Agreement or the performance or nonperformance of services hereunder. The Client agrees to include a provision in all contracts with contractors and other entities involved in this project to carry out the intent of this paragraph.

ASSIGNMENT

Neither party to this Agreement shall transfer, sublet or assign any rights under or interest in this Agreement (including but not limited to monies that are due or monies that may be due) without the prior written consent of the other party.

INVOICES

Invoices for our services will be submitted, at our option, on a monthly basis or when the work is completed. Invoices will be due immediately, but will not be delinquent within 10 days from which the invoice is dated. If payment is not so made, a service charge will be due on the amount of the invoices at the maximum rate permissible by law from the date of the invoice until the same is paid. In the event legal action is required to enforce the payment terms of this agreement, CCI shall be entitled to collect from the client any judgement or settlement sums due plus reasonable attorney's' fees, court costs and other expenses incurred by CCI for such collection action.

SAMPLES

All samples of soil and rock will be disposed of from the laboratory 30 days after issuance of the report unless the Client advises otherwise. Upon request, we will deliver the samples to the Client, charges collect, or will store them for an agreed storage charge.
