Online Summer School

The Online Summer School provided by Adult Ed is open to all district families. It is a fully remote, summer education program that is facilitated by highly qualified credentialed teachers from the adult school. Online Summer School this year will primarily focus on providing Health for seniors, juniors and sophomores. Other academic courses will require counselor approval.

Curriculum & Instruction

The curriculum for Online Summer School will be provided through the Edgenuity learning platform. The lessons and curriculum are delivered asynchronously. Online Summer School students will be assigned to an MVLA Teacher, who will check in with students regularly via email and zoom to ensure the students are getting the clarification, guidance, and support they need. Unit tests and exams will be proctored by the student's assigned teacher via Zoom.
