

International Exchange

The Board of Trustees recognizes that personal contact between students of different countries and cultures promotes global awareness and international understanding. To that end, the Board welcomes the enrollment of international exchange students and further encourages district students to take any opportunities that they may have to participate in such programs and study in another country.

With Board approval, a district school may establish a sister-school relationship with a school in another country.

International Student Exchange Programs J-1 Visas - International Exchange Students

- Foreign students wishing to attend school in the district must enroll through an exchange program registered with the California Attorney General's Office, designated by the U.S. Department of State and accepted for listing on the Council for Standards for International Educational Travel's Advisory List. Enrollment shall be for one year only.
- The district shall not incur any financial obligations when sending and/or receiving international exchange students. Participating students and/or international exchange program sponsors shall provide assurance of their responsibility for health/accident/liability insurance, the student's home placement, and the resolution of any related personal difficulties which may arise.

When necessary because of overcrowding within district schools or limited district resources, the Superintendent or designee may limit the number of international exchange students to be accepted at any district high school during any school year.

The Superintendent or designee shall establish district criteria for issuing regular or honorary diplomas to international exchange students. The principal or designee shall refer to these criteria when assisting international exchange students in selecting classes and co-curricular activities based on the student's individual qualifications, needs and interests.
